CAM Parole Status Report (October 1, 2020)

Pursuant to paragraph 9 of the April 12, 2019, Memorandum of Agreement (MOA), USCIS submits this “sixth quarterly report” of its implementation progress. Unless otherwise noted, the information in this report is current as of September 28, 2020.

Note: Impact of coronavirus on CAM processing:

In mid-March, the coronavirus disease (COVID-19) outbreak resulted in airport closures in Guatemala City, San Salvador, and Tegucigalpa. On or around March 15, 2020, shortly prior to the airport closures, flight cancelations began to affect CAM parolees, causing IOM to cancel planned CAM flights on March 17 and 19 and additional flights after that date. National governments in El Salvador, Guatemala, and Honduras also declared mandatory stay at home orders. The national curfews are still in effect for Guatemala and Honduras.

On August 24, 2020 El Salvador reopened its economy, with essential services such as medical assistance, grocery stores, and public transportation open to the public. The Government of El Salvador reopened the International Airport on September 19, 2020. Appointments with panel physicians are available every day on weekdays, though with reduced availability.

On September 9, 2020 the Government of Guatemala extended the “state of calamity” for an additional 30 days. The airports in Guatemala opened for international commercial flights on September 18, 2020. A curfew remains in effect between 9:00 p.m. and 4:00 a.m. daily, though there are no current restrictions on internal travel within non-curfew hours. Panel physicians are available for medical examinations, but with reduced availability as the physicians must coordinate their schedules in order to limit the number of applicants present.

The Government of Honduras has instituted a curfew for the entire country until at least October 4, 2020, with restricted movement allowed for essential services from 6:00 a.m. to 8:00 p.m. according to the last digit of an individual’s national identity card or passport number for non-Honduran citizens. Appointments with panel physicians are available only on certain days during the week and with reduced capacity. The Honduran government announced the resumption of domestic flights on August 10, 2020 and international flights on August 17, 2020.

The U.S. Embassies in El Salvador and Guatemala have entered a new phase that allows for increased on-site work and locally employed staff (LES) have returned to the office on a part-time basis. Telework is still strongly encouraged and USCIS staff in El Salvador and Guatemala are working from home and continue to process parole cases. Locally employed USCIS staff are only able to work during the limited hours in which they are in the office as they are unable to telework. USCIS staff are unable to issue travel letters, withdrawal or closure notices while working from home, though certain preliminary tasks can be completed from home. In El Salvador, the Field Office Director (FOD) and International Adjudications Officer (IAO) only work from the office during limited hours. The Guatemala City FOD is also able to work at the embassy for limited periods of time.

IOM Operations staff continue to telework and are electronically processing already completed medical exams. IOM staff may also go to the office or assist with parolee departures on an as-needed basis. In mid-September 2020 IOM began using flights to Dulles International Airport and Los Angeles International Airport in order to expand the number of flights available to beneficiaries traveling to the United States. This is in addition to beneficiaries arriving to Houston, as that port of entry is also used.

Assumptions:

As noted previously in the USCIS operational compliance plan, USCIS will leverage IOM's expertise and resources as it did when the CAM Parole program was previously operating. The submitted timeline represented the *fastest* estimated process assuming all external parties met the estimated milestones, but will be updated as more information becomes available. The estimated timeline was also based on previous CAM parole adjudications, and does not account for unforeseen circumstances, such as the closures due to the COVID-19 pandemic.

Timeline Updates

Steps: Estimated timelines are approximate and may shift depending on unforeseen factors as well as those noted above.

Further to paragraph 8 of the MOA, USCIS notes the following progress on the Compliance Plan. For reference, USCIS has reproduced the tasks, estimated timeline and comments from the Compliance Plan, and provided a status update and date of completion on each tasking.

<i>Task</i>	<i>Estimated Completion Timeline</i>	<i>Comments</i>	<i>Actual Completion Date</i>	<i>Comments</i>
USCIS will verify lawful status of all qualifying family members in the United States	March 21 - April 8, 2019	Completed initial verification for approximately 1,670 qualifying family members in the United States	Completed on May 20, 2019.	<p>Completed – prior notes below:</p> <p>On May 30, 2019, USCIS issued Requests For Evidence of lawful presence to family members (to 17 parents, representing 28 cases) without a record of current qualifying lawful presence, requesting evidence of lawful presence.</p> <p>As of September 23, 2019, USCIS had attempted to contact all 17 remaining parents via phone (and email, when available) in addition to the mailed RFEs. Of the 17 parents contacted by RFE, phone, and email, when available, 3 submitted proof of lawful status and 1 additional parent was verified by USCIS when the beneficiary appeared to receive information on his medical exams. Therefore, there are 11 parents for whom USCIS cannot confirm lawful presence. Additional attempts have been made to confirm lawful presence, though case closure notices have not yet been issued for any of these cases.</p>

USCIS will update automated security checks for all beneficiaries	March 25 - April 12, 2019	Completed initial security checks for approximately 2,700 individuals; does not include resolution of adverse information. USCIS will begin notifying qualifying family members in the United States of the court order and continued case processing	June 3, 2019 - TBD	Timeframe includes drafting of notice, AR-11 verification of addresses, and printing and mailing. USCIS will re-establish a contract with IOM for in-country assistance	Discussions have begun – TBD	A new or updated contract and procurement package will need to be cleared by DHS and IOM; for reference, standing up CAM initially took several months of negotiation	Completed on September 25, 2019.	<p>Completed - Prior notes below:</p> <p>In anticipation of the finalization of the contract, USCIS was in communication with IOM to update them on</p>

		with IOM and this timeframe may be shorter		what steps in the process have been completed thus far and how the agency has communicated with the applicants. USCIS has also tracked information for each beneficiary, including when they have received their medicals and whether they will need to be interviewed. Now that the contract is signed, this information will be provided to IOM to assure a smooth transition.
Department of State and USCIS will re-negotiate with consulate and panel physicians to determine how many CAM applicants can be processed each month.	Estimated early July 2019.	Under the program as previously constituted, the Embassy negotiated for panel physicians to accept as many as 5 per day (25 per week per physician.)	Completed on June 28, 2019.	Completed - Prior notes below: USCIS and Department of State have held discussions with panel physicians about how many CAM applicants they can process. The panel physicians in El Salvador, Guatemala and Honduras will be able to accept up to 10 CAM applicants a day. There are currently 5 panel physicians in El Salvador, 4 in Guatemala, and 3 in Honduras.
IOM will begin notifying beneficiaries abroad of continued case processing;	Estimated July 15, 2019, assuming completion of prior steps.	Actual timeframe is dependent on how much time IOM might need to build up staffing abroad. (Current estimate allows IOM only one month following the finalized contract to ensure they have the necessary staffing in place.)	In process.	While the completion of the IOM contract was pending, USCIS began the process of notifying beneficiaries in Guatemala and El Salvador, since the agency has offices in these countries. A total of 431 notices were hand-delivered to the beneficiaries in person at the overseas USCIS offices. These

				applicants were also given instructions for scheduling their medical exams. IOM has delivered a total of 1,557 letters since they signed the Statement of Work on September 26, 2019. As of September 28, 2020, a total of 1,988 beneficiaries have been notified by USCIS and IOM.
USCIS will schedule biometrics appointments when necessary.	TBD	Fingerprints will be collected by USCIS for any beneficiaries who turned 14 years old following the CAM Parole program termination. Fingerprints do not need to be collected again for conditional parolees who already had them collected prior to termination of program; instead, their fingerprints on file will be re-run for checks.	Currently on hold due to pandemic-related closures.	As of September 28, 2020, USCIS had identified 120 beneficiaries who require(d) fingerprints, some of which were later closed. Of these 120 individuals, 60 have undergone biometrics and 28 open cases still require biometrics. Since June 13, 2019, USCIS scheduled biometrics appointments in El Salvador, Honduras and Guatemala.
USCIS will begin appointments to collect biometrics if necessary	Estimated July 29, 2019		Currently on hold due to pandemic-related closures.	Since June 21, 2019, USCIS has been taking required fingerprints. USCIS cannot conduct biometrics appointments currently due to the pandemic closures.
IOM will begin to collect money and schedule new medical exams for all beneficiaries	Estimated August 26, 2019.	Actual timeframe depends on the family's ability to produce the money for the fee and the limited availability of physicians. There are five panel physicians in El	In process.	In July 2019, USCIS began providing applicants with the option to schedule medical exams and pay the panel physician directly. 431 applicants

		Salvador, where the vast majority of beneficiaries will seek a new medical exam. There are four in Guatemala and three in Honduras. Last time, it took approximately one month for IOM NY to collect payment from parents in the United States.		had been given an instruction sheet by USCIS on how to schedule their own appointments. IOM has now assumed this task. IOM has contacted 1,493 applicants for payment of their medical exams as of September 28, 2020. This number includes individuals who have been contacted for payment, whose medical payment has been completed, and those whose medical exam has been scheduled.
USCIS will begin to receive submitted medical exams, required for all beneficiaries.	Estimated September 9, 2019.	Actual timeframe of medical exam results will depend on available physicians. The results of medical exams are sent to IOM within two weeks and then the scanned report is sent to USCIS in batches.	In process.	USCIS has received 1,327 completed medical exams as of September 28, 2020. The first medical exam results were received on July 29, 2019.
USCIS and IOM will begin to schedule interviews with USCIS as needed, depending on any new information.	Estimated September 9, 2019.	Depending on any new information resulting from medical exams or security checks, a new interview may be scheduled for individual beneficiaries.	Conducting interviews is currently on hold due to pandemic-related closures.	As of September 28, 2020, USCIS has identified 121 cases that will require re-interviews. Of those, 44 re-interviews have already been completed and 77 are pending re-interview. USCIS is unable to conduct re-interviews currently in all three CAM countries due to the pandemic restrictions.
USCIS will begin to review eligibility for CAM parole on a case by case basis, assuming all information has been submitted.	Estimated September 10, 2019.	Case by case review can begin as soon as a beneficiary has submitted medical exams and an officer can review the relevant security checks. Actual date depends on IO office closures and restructuring.	In process.	USCIS is actively reviewing cases for eligibility on an ongoing basis.

USCIS will inform Customs and Border Protection that its officers will begin to see CAM parolees at ports of entry	Estimated September 10, 2019	Disseminate memo to CBP regarding CAM parolee travel and expected timeframe for travel	Completed on October 11, 2019.	Completed - Prior notes below: USCIS sent the memo to CBP on October 11, 2019.
IOM will collect money for plane tickets.	Estimated beginning October 14, 2019.	Following case review, USCIS notifies IOM that they can begin to arrange travel. The actual timeframe depends on the individual's ability to pay. IOM NY took usually one month to collect payment from parents in the United States.	In process	IOM collected money for travel from 98 applicants as of December 23, 2019. IOM has not collected additional money for travel as a philanthropic foundation, the Shapiro Foundation, is funding parolee travel. Parolees who had already paid for travel were issued refunds.
For eligible cases, USCIS will complete final security checks and re-verify that the qualifying family member in the United States still has lawful presence before issuing the travel document.	Estimated beginning October 17, 2019.	When a travel date is confirmed, USCIS conducts final checks. This must be done within a 48-hour period before issuing the I-512L travel document.	In process.	USCIS will complete security checks upon notification of the applicant's travel date and 48 hours prior to issuance of the I-512L. USCIS has cleared 1,169 cases for travel as of September 28, 2020.
For cases with final approval, USCIS will print a travel document that is valid through the valid period of the beneficiary's medical exam.	Estimated beginning October 17, 2019.		In process.	The first group traveled to the U.S. on October 15, 2019. USCIS has printed a total of 779 travel documents as of September 28, 2020 (excluding the named plaintiffs).
USCIS will provide IOM with USCIS issued travel documents, valid through the valid period of the beneficiaries' medical exams.	Estimated beginning October 18, 2019.		In process.	USCIS has provided 779 travel documents to IOM as of September 28, 2020.
IOM will provide the USCIS issued travel document to the travelling beneficiaries with final approval.	Estimated beginning October 23, 2019.	Actual timeline may depend on the beneficiary's schedule and readiness to depart. In certain cases, IOM will escort beneficiaries for their travel.	In process.	IOM has provided travel documents to 757 applicants on their travel day as of September 28, 2020. IOM counsels, houses and escorts applicants to the airport

				on their designated date of travel. 757 applicants have traveled to the United States as of September 28, 2020.
