Important Notes:

This resource guide was prepared for advocates who assist CAM parolees. This guide provides a general overview of the types of benefits that CAM parolees may qualify for and locates helpful resources and services within each region. It is not an exhaustive guide. Particular circumstances of a client (e.g., pregnancy, HIV/AIDS, domestic violence, etc.) may qualify them for additional benefits that are not covered in this overview.

This guide also includes references to “undocumented individuals” in case it is relevant to the CAM parolees’ other family members. To be clear, CAM parolees and their parent(s) are “documented.” CAM parolees have status under INA § 212(d)(5), 8 U.S.C. § 1182(d)(5) (discretionary parole for “urgent humanitarian reasons or significant public benefit”) and at least one of their parents must have had status (e.g., Temporary Protective Status/TPS or Lawful Permanent Resident/LPR, etc.) to have been eligible for the CAM program.

Information in this resource guide is not intended as, nor should it be considered, legal advice. Information in this guide is subject to change and should be verified with state and local agencies to ensure accuracy. That an organization, agency, or a program is listed in this resource guide does not imply an endorsement by either IRAP or IRC.

About CAM Parolees and this Guide

CAM parolees are minors from El Salvador, Guatemala, and Honduras who had a parent lawfully present in the United States, and who, while still in their home country, applied for the Central American Minors (CAM) program to be considered for refugee resettlement in the United States. CAM parolees were previously determined to be ineligible for refugee status and then considered and approved by the United States Citizenship and Immigration Services (USCIS) to enter the United States under parole.
Though the parole portion of the CAM program was terminated in August 2017, a 2019 court settlement in the case S.A. v. Trump re-opened the CAM program for about 2,700 people who had been conditionally approved for parole before the program ended. Consequently, beginning in 2019, hundreds of CAM families who were conditionally approved for parole, but had not traveled before the Trump Administration ended the program, are entering the United States.

Unlike refugees, CAM parolees do not receive resettlement assistance upon their arrival. Therefore, this guide provides a general overview of the benefits, services, and other resources for CAM parolees as they settle into their new lives in the United States.

**General Instructions for this Guide**

**Federal Benefits**: CAM parolees who have been paroled in to the United States for at least one year\(^1\) are included within the federal definition of “qualified aliens”.\(^2\) **However, CAM parolees are not eligible to receive federal means-tested public benefits\(^3\) during the first five years of being in the United States.** **One important exception** is the Supplemental Nutrition Assistance Program, or SNAP (formerly known as ‘food stamps’), which is available to all “qualified” immigrants under the age of 18 years old.\(^4\)

**State Benefits**: States have the ability to decide whether or not to extend benefits to qualified aliens during this five-year period, and some states do allow qualified aliens to be eligible for certain state public benefits. Parolees may be eligible to apply for some state benefits as “qualified aliens,” “qualified noncitizens,” “qualified immigrants,” or as individuals having “Permanent Residence Under Color of Law” (PRUCOL). Each state may use a different public benefits eligibility category and may use different terms depending on the type of the benefit as well.

**Note on COVID-19**: Some resources in this guide were compiled before the COVID-19 pandemic. Where possible, the guide notes any changes in services due to the pandemic. Please make sure to check the organization/agency website or contact them directly for any updates.

---

\(^1\) CAM parole lasts for two years. If a CAM parolee was granted less than two years of parole, please direct them to contact the IRC CAM Hotline at (917) 410-7546.

\(^3\) With certain exceptions, such federal benefits include Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP), and Federal Medicaid.

\(^4\) See [SNAP Policy on Non-Citizen Eligibility](#), U.S. Department of Agriculture, September 2013.
Helpful Tips

- Ensure that CAM parolees understand that documents proving their legal presence in the United States as well as their age and identity will be necessary to apply for public benefits. Many benefits will require applicants to have a Social Security Number (SSN).\(^5\)

- Before they apply for public benefits, ensure that CAM parolees seek legal assistance from a qualified immigration attorney to determine eligibility for certain benefits and to flag possible adverse consequences to admissibility for future immigration applications.\(^6\) You may also want to direct them to the local welfare or social services agency, which may be able to provide greater assistance in determining eligibility.

Encourage CAM parolees to do the following as soon as possible:

- **Seek an immigration attorney:**
  - To file a Form I-765 to apply for work authorization/Employment Authorization Document (EAD) and a Social Security Number (SSN);
  - To determine eligibility for certain public benefits and possible adverse consequences to admissibility for future immigration applications; and
  - To determine eligibility for more permanent immigration relief, such as asylum. Please note that there are deadlines for filing (e.g., asylum applications generally should be filed within one year of arrival to the United States).

- **Apply for an identification card,** such as a state driver’s license or state ID.

---

\(^5\) As noted below, CAM parolees may apply for a SSN at the same time that they apply for an Employment Authorization Document (EAD) in their Form I-765 application. If a SSN is required to apply for certain public benefits, the benefits provider should be able to provide more information.

\(^6\) Accessing public benefits as a CAM parolee will not affect their current parole status, nor be an issue if the CAM parolee adjusts to a permanent status based on asylum. However, if the CAM parolee wants to apply via family-based, employment, or another nonexempt category in the future, public charge may be evaluated as to their admissibility. Though benefits granted while in parole status may be disregarded, it is important for individuals to confer with a reputable immigration attorney to advise them before enrolling for a benefits program.
**Work Authorization:** In order to work in the United States, CAM parolees must obtain work authorization by applying for an Employment Authorization Document (EAD). An immigration attorney can assist with this. To apply for an EAD, CAM parolees must file a Form I-765 and must select the category c(11), “Paroled in the Public Interest.” If the application is approved, the CAM parolee will receive an EAD valid up to the expiration date of parole. In the same application, a CAM parolee may also apply for a Social Security Number (SSN).

**Food and Cash Assistance:** Please note that the receipt of federal, state, or local food or cash benefits may have implications for future applications for adjustment of status and for permanent immigration status. It is important for parolees to understand that receiving certain benefits may have adverse consequences on their admissibility for future immigration applications. If unsure about whether to apply for and receive cash benefits, CAM parolees should consult a local immigration attorney, or a public benefits attorney, as soon as possible.

**State Driver’s Licenses/Identification Documents:** The REAL ID Act of 2005 mandated requirements regarding state-issued identification documents used for federal purposes such as boarding flights at U.S. airports or accessing federal buildings and U.S. military bases. It also stipulated which categories of non-citizens would be eligible for documents issued under the new requirements and mandated verification of qualified immigrant status. According to the law, parolees are not among the categories of non-immigrants who qualify for REAL ID compliant documents. Most states have come into compliance with REAL ID requirements. However, some states have opted to issue alternative driver’s licenses to those who do not qualify under REAL ID requirements. This has resulted in different eligibility criteria and documentary requirements for parolees seeking ID/driver’s licenses depending on their state of residence. This guide attempts to provide the best available information for each of the states covered, but information is subject to change and should be verified by the respective state agencies issuing ID/driver’s licenses.

---

7 For more information on which public benefits may result in admissibility on public charge grounds. See Public Charge Fact Sheet, U.S. Citizenship and Immigration Services, February 27, 2020.

8 As of this writing, all states, except for Oregon and Oklahoma, have come into compliance with REAL ID requirements. Due to the COVID-19 pandemic, the Government extended the deadline for compliance until October 1, 2021. See https://www.dhs.gov/real-id.
